Overview:

Aluratek's Digital Photo Frames are a wonderful way to bring your treasured photos and memories to life with incredible image clarity in rich and vibrant colors all on the TFT true color LCD at 1024 x 600 resolution at an ideal 16:9 aspect ratio. The functional and stylish frame makes a great addition to any room of your house or office environment. With 4GB of built-in storage, memory card reader and USB support, it is easy to transfer and store all your favorite photos, videos and music.

What separates Aluratek digital photo frames from other brands is picture quality, ease of use, and affordability. You will not find a better quality image or video than what an Aluratek digital frame can deliver thanks to the best quality "true digital" LCD panels that are available on the market for production. Combined with an easy-to-use interface, wide format support, auto on motion sensor and the simplicity of automatic playback, Aluratek digital photo frames are the best choice for storage and sharing of your precious memories with family, friends, and coworkers.

Features:

- View hi-quality digital photos on the 10" TFT true color LCD at 1024 x 600 resolution (16:9 aspect ratio)
- High quality frame with built-in speakers and easy to use controls
- Supports various picture, video and audio formats as most file formats are automatically recognized
- Configure photo slideshows to play in various display and transition modes set to background music
- Supports SD / SDHC memory cards (up to 32 GB)
- Connect a USB flash drive or SD card to easily access and share your favorite pictures, music, or videos
- Transfer and store files quickly and easily from your personal computer to the frame's 4GB built-in memory with USB 2.0.
- Includes built-in clock, calendar and auto on / off timer
- Compact remote is included for ease of operation and control
- Limited 1 Year Warranty

Slideshow Support

Aluratek's 10" Slim Digital Photo Frame will allow you to set-up photo slideshows set to background music. Slideshows can be configured to play photos in various display and transition modes. Photos will be automatically resized to fit the LCD screen in a 16:9 aspect ratio.

Multimedia Experience

View pictures easily on the TFT true color LCD panel at amazing resolutions. Play videos and music through the frame's integrated stereo speakers. With 4GB of built-in storage, memory card reader and USB support, it is easy to transfer and store all your favorite digital media.

User Friendly

Push button controls on the back of the frame make Aluratek digital photo frames easy to use. The user interface is designed to be intuitive and easy to navigate with no required setup and no software to install. A compact remote is included for ease of operation and control.
