Introduction

Thank you for your purchase of the Qi Wireless Charging FM Clock Radio with Bluetooth Streaming.

Setting an alarm to start off your day and playing your favorite tunes all in one should be easy and effortless. And with an added qi charger, this device is perfect to leave on your bedside table. That's why we created this device – to make your wakeup and wind down routine easy.

What's In The Box?

Your order has been carefully packaged and inspected. The following accessories should be included in your package. Please inspect the contents of the package to ensure that you have received all items and that nothing has been damaged. If you discover a problem, please contact us immediately for assistance.

USB Charging Cable

3.5 mm Audio Cable

Registration Card

Product Highlights

Operation

Power Your Clock Radio

First, plug in the USB charging cable to the bluetooth speaker through the Micro USB Charging Port (5) and connect to a power source like your desktop computer, laptop or a power adapter.

Preparing Your Smartphone For Use With The Bluetooth Speakers

Before you can use your smartphone with ABQC01F, you need to initiate bluetooth pairing in order to play music from your smartphone to the speaker.

1. First, flip the switch to turn ABQC01F ON (4), then turn on the bluetooth function on your smartphone.
2. Search for ABQC01F to pair. If you cannot pair the product successfully, make sure the device has been disconnected from other devices. Then restart the product to try again.

Operation

Using the Auxiliary Function

You can also choose to use the included 3.5 mm auxiliary cable to connect smartphones, headphones or earbuds directly to the bluetooth speaker.

1. Use the included 3.5 mm audio cable to connect your device to the bluetooth speaker in the 3.5mm Line-In (3).
2. Your product should automatically switch to AUX IN.

Using the FM Function

If you want to tune the radio, it's pretty simple.

1. Quickly press the Menu button to FM mode. Press the Pause / Play button to auto search channels.
2. We recommend plugging in the micro USB cable for better reception.

Operation

Using The Qi Wireless Charging*

Available for Qi charging compatible devices.

1. Make sure you plug the charging cable into the speaker.
2. Put the Qi compatible device on top of the Qi Charging Pad. (1)
3. You may have to adjust the positioning of your Qi compatible device before it can detect it

* ABQC01F needs to be connected to a power source for wireless charging

Operation

Time / Alarm Setting

You can change the time on the speaker, as well as set an alarm for your wake up calls.

1. For time, quickly press the Time (A) button to enter into the time settings mode. Press the plus button or the minus button to increase or decrease the hour. Press the plus button (E) or minus button (D) again to increase or decrease the minute.
2. To set an Alarm, click the Time (A) button three times to take you to the alarm time. Again, you can increase or decrease the hour and minutes by pressing the plus or minus button to increase or decrease the time. Press the time button again to take you to ON / OFF. Press the plus button to switch between the two.
3. Press and hold the Menu (C) button for 12 /24 mode.

Operation

Hands-Free Calling

You can connect your phone to accept phone calls easily.

1. Once your smartphone is paired to ABQC01F press the Phone (B) button to answer the incoming call or press twice to refuse it.
2. To call back the last number you dialed out, press the Phone button twice.

Switch Songs, Adjust Volume, and Switch FM Channels

1. Quickly press the Plus (E) or Minus (D) button to switch the songs or FM channel.
2. Hold on these buttons to increase or decrease the volume.
3. Press Play Button (F) to pause or play the music track

Radio and TV interference Statement

WARNING!!! This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by whatever measures may be required to correct the interference.

Warranty

Aluratek warrants this product against defect in material or workmanship for **1 YEAR** from the date of purchase.

This warranty becomes invalid if the factory-supplied serial number or "warranty void" sticker has been removed or altered on the product.

This warranty does not cover:
A) Cosmetic damage or damage due to acts of God
B) Accident, misuse, abuse, negligence or modification of any part of the product.
C) Damage due to improper operation or maintenance, connection to improper equipment, or attempted repair by anyone other than Aluratek.
D) Products sold AS IS or WITH FAULTS.

IN NO EVENT SHALL ALURATEK'S LIABILITY EXCEED THE PRICE PAID FOR THE PRODUCT FROM DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PRODUCT, IT'S ACCOMPANYING SOFTWARE, OR IT'S DOCUMENTATION.

Aluratek makes no warranty or representation, expressed, implied, or statutory, with respect to it's products, contents or use of this documentation and all accompanying software, and specifically disclaims it's quality, performance, merchantability, or fitness for any particular purpose. Aluratek reserves the right to revise or update it's product, software or documentation without obligation to notify any individual or entity.
