Package Contents

Your order has been carefully packaged and inspected. The following accessories should be included in your package. Please inspect the contents of the package to ensure that you have received all items and that nothing has been damaged. If you discover a problem, please contact us immediately for assistance.

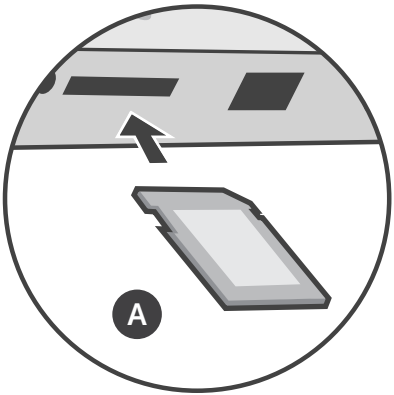
- Power Adapter
- Remote Control
- USB 2.0 Cable
- Registration Card
- Frame Stand

Getting Started

- Remove the plastic insulator from the battery on the remote control.
- Plug in the power adapter and the frame will automatically power on.
- Remove the protective film covering the LCD.
- Insert the frame stand

Viewing Photos

• Please insert your memory card (SDHC,SD) at this time.



A Insert the memory card into the card slot as shown

• The frame will start slideshow automatically when the card is inserted.

• The slideshow can be stopped by pressing the "►||" button on the frame. You can then press the "◄" or "►" button to see the next or previous picture.

Screen Resolution / Aspect Ratio

For optimal full screen display of pictures, it is recommended to take pictures / video with 16:9 aspect ratio. Please check your phone / camera's manual on how to change the setting.

If your photos are in 4:3 aspect ratio it is recommended to adjust the frame's system setting to display the pictures to "scale" or at "original size".

You may also adjust the Grayscale, Brightness and Contrast in the system settings menu if you prefer a different setting than the default.

Transferring Files from your PC / Mac to the Frame's Internal Memory

• A USB cable is included with your digital frame to connect it to your PC/ MAC. Connect the small connector to your digital frame and the larger connector to your PC / MAC.

• Once connected, the frame will display a USB connector on the screen. On a PC, the frame's internal memory will appear as a removable drive when viewed in My Computer. On a Mac, the frame will appear as a drive icon on the desktop.

• Copy your photo, video and music files from your PC / MAC into the icon representing the frame's internal memory. When finished disconnect the USB cable from the PC or MAC. (Note: For a Mac, eject the drive icon before disconnecting the USB cable.)

• The frame will return to normal operation once it is disconnected from your PC / MAC.

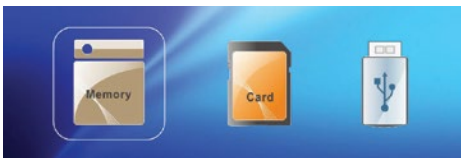


Photo Setup

From the main menu, press the "◄" or "►" buttons to select the and press "►||" button to confirm. Press the "►||" button again to access the "Photo Setup" menu.

Radio and TV Interference Statement

WARNING!!! This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by whatever measures may be required to correct the interference.

Warranty

Aluratek warrants this product against defect in material or workmanship for **1 Year** from the date of purchase.

This warranty becomes invalid if the factory-supplied serial number or “warranty void” sticker has been removed or altered on the product.

This warranty does not cover:
A) Cosmetic damage or damage due to acts of God
B) Accident, misuse, abuse, negligence or modification of any part of the product.
C) Damage due to improper operation or maintenance, connection to improper equipment, or attempted repair by anyone other than Aluratek.
D) Products sold AS IS or WITH FAULTS.

IN NO EVENT SHALL ALURATEK’S LIABILITY EXCEED THE PRICE PAID FOR THE PRODUCT FROM DIRECT, INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THE PRODUCT, IT’S ACCOMPANYING SOFTWARE, OR IT’S DOCUMENTATION.

Aluratek makes no warranty or representation, expressed, implied, or statutory, with respect to it’s products, contents or use of this documentation and all accompanying software, and specifically disclaims it’s quality, performance, merchantability, or fitness for any particular purpose. Aluratek reserves the right to revise or update it’s product, software or documentation without obligation to notify any individual or entity.
