

30-pin Bluetooth Audio Receiver

Pairing an iPhone, smartphone, tablet or computer with the receiver:

Please make sure the device supports A2DP profile. The pairing procedure will vary depending on the actual device. Please refer to the user guide of your device for detail instruction. The general pairing procedures are as follows:

1. Connect AIS03F to your 30-pin speaker dock.
2. Activate your device's Bluetooth function and set your device to search for Bluetooth devices. Select AIS03F when it is found.
3. If prompted by your device to connect, select "Yes".
4. After connecting successfully, the blue LED will flash twice every 5 seconds.

Note: Press the "Pair" button if you want to pair to a different device.

Note: Please make sure the audio output is set to Bluetooth / AIS03F for audio streaming from the device.

30-pin Bluetooth Audio Receiver

Radio and TV Interference Statement

WARNING!!! This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by whatever measures may be required to correct the interference.
